EXTENDED LEAVE BENEFITS: MATERNITY, PATERNITY, ADOPTION, LEAVE TRANSFER & ENCASHMENT

Effective: Jan 2026 | Version 4.5

1. MATERNITY LEAVE

Eligible employees: 12 months service, 1250 hours in past 12 months.

Up to 16 weeks of job-protected maternity leave for childbirth and recovery.

May be paid at 100% for first 12 weeks (if enrolled) or per state program; remaining unpaid unless supplemented.

Medical certification required; intermittent/reduced schedule considered on case-by-case basis with medical need.

2. PATERNITY AND BONDING LEAVE

Eligible employees: same service requirements.

Up to 12 weeks job-protected leave within 12 months of birth, adoption, or foster care placement.

First 6 weeks paid at 100% for non-birthing parents where policy provides paid bonding; otherwise per applicable program.

Can be taken continuously or intermittently with approval.

3. ADOPTION LEAVE

Covers legal adoption and domestic adoption.

Same eligibility and duration as parental bonding leave (up to 12 weeks).

Time off for court hearings, travel (up to 5 days with approval) covered as qualifying.

4. LEAVE TRANSFER (DONATED LEAVE)

Employees may donate accrued annual leave to another eligible employee experiencing serious medical condition.

Donor must retain minimum balance (typically 40 hours annual leave) after donation.

Recipient must exhaust own accrued leave and meet eligibility criteria.

Donations in 4-hour increments; anonymous donations allowed unless both consent.

Transferred leave not subject to payout on termination.

5. LEAVE ENCASHMENT

Annual leave encashment allowed at end of calendar year for up to 10 unused days (subject to policy cap).

Upon voluntary resignation with 2+ weeks notice and minimum service, up to 50% of unused accrued leave may be encashed.

Upon involuntary layoff with no cause, 100% of unused accrued leave paid out.

Upon retirement (age 55+ with 10+ years), 100% of unused accrued leave paid out.

Sick leave generally not encashable except in retirement scenarios specified by plan.

Encashment calculated at base hourly rate at time of payout.
